3D PRINTING DEMONSTRATIONS AT EUROFINISH AND ADVANCED ENGINEERING FAIRS

The final preparations are being made at ChemStream to show a successful 3D inkjet printing demonstration at EUROFINISH and ADVANCED ENGINEERING.

Both trade fairs run in May:

* [EUROFINISH in the Brabanthallen, Leuven \(15-16 May 2019\) - stand 151](#)

* [ADVANCED ENGINEERING in Flanders Expo, Ghent \(22-23 May 2019\) - stand 126](#)

You are very welcome to our stand!

Our colleague Marin Steenackers will even speak at the EUROFINISH fair about ['Adhesion of UV-curable Inks and Coatings'](#) conference Day 2 (16th of May) at 15:00-15:25
